

## American Legion Single Web Sign-On

Users of American Legion websites now have the luxury of a single sign-on for ease of use. If you are a current registered user of American Legion national websites and have tried to sign-on, you probably noticed the new login screen and re-registration requirement. The American Legion has created a new single sign-on process as its first stage of a multi-stage rollout that will allow The American Legion to provide a streamlined and better user experience within its web environment.

To begin your one-time single sign-on process, current registered users of American Legion web assets must re-register. This re-registration will allow members and non-members to continue accessing the valuable information and tools provided on:

- MyLegion.org
- Legion.org
- Legiontown.org
- Centennial.legion.org
- Burnpit.us
- Baseball.legion.org

(Note: this requirement does not currently apply to registered users of the Emblem Sales website)

The new platform that The American Legion is moving to requires each user to have a unique email address as the username. This, in conjunction with a move from a vendor proprietary system, which required the Legion to renew accounts for all American Legion web properties. Please note that all member information is still within MyLegion, securely and safely housed.
